

10th Advanced Functional Materials and Devices

Athens, Greece

July 26 to July 30, 2027

The 10th International Conference on Advanced Functional Materials and Devices (AFMD 2027) will be held in Athens, Greece, from July 26 to July 30, 2027. This international conference focuses on multidisciplinary research in functional materials and devices based on nanoscale structures and nanotechnology. The AFMD provides a premier platform for researchers and professionals to present recent scientific achievements while highlighting state-of-the-art developments at both the material and system levels.

AFMD 2027 is jointly organized by Soochow University, Kogakuin University, National University of Singapore Suzhou Research Institute and the Functional Materials Society.

We look forward to meeting you in AFMD 2027 !

Topic

- Bulks from nano
- Coordination of molecules
- Energy storage materials and devices
- Functional materials by nontraditional preparation techniques
- Prospective organic and inorganic materials for photoluminescence and other applications
- Hybrid materials for multitask systems
- Ion liquid and ionic materials
- Lead-free oxides for piezoelectric, ferroelectric and pyroelectric applications
- Materials and devices with multifunctionality
- New materials and systems for energy harvesting

AFMD 2027

Athens, Greece

Conference Committee Chairs

Jiangfeng Ni, Soochow University, China

Hiroki Nagai, Kogakuin University, Japan

Advisory Committee Chairs

Guoqin Xu, National University of Singapore Suzhou Research Institute, China

Li Lu, Functional Materials Society, Singapore

Advisory Committee Members

Yair Ein-Eli, Institute of Technion, Israel

Dae Joon Kang, Sungkyunkwan University, Korea

Chang-Lyoul Lee, GIST, Korea

George Zhao, Qingdao University, China

Wei Gao, University of Ackland, New Zealand

Duong Hai Minh, National University of Singapore, Singapore

Co-sponsored by

新加坡国立大学苏州研究院
NUS (Suzhou) Research Institute
